## Lanyard connector holder

---

The lanyard connector holders install on the shoulder straps of VOLT, VOLT WIND, AVAO BOD, AVAO BOD FAST and ASTRO BOD FAST harnesses and TOP, TOP CROLL S and TOP CROLL L chest harnesses. They provide stowage for the MGO connectors on fall arrest lanyards, on each shoulder strap, allowing the user to be unhindered by the lanyard and to keep the connectors within reach. In the event of a fall, the system releases the MGO connectors and allows the absorber to be deployed

---

**Short Description** Lanyard connector holder (pack of 2)

---

**Selling Points**

- Stowage system for the MGO connectors on fall arrest lanyards, on each shoulder strap, allows the user to be unhindered by the lanyard and keep the connectors within reach. In the event of a fall, the system releases the MGO connectors and allows the absorber to be deployed
