

# Technical Data Sheet

## EXTENSION 5.5L

English version  
REV 05/2017

**Article number**  
05500-xx-xx-xx

xx = any given number according to specifications for example colours and labels.

## Product information

The Extension is a very flexible and innovative round high quality container. It is specially designed for a safe working environment at a hospital or health care establishment.

The Extension is designed with extra wall thickness to prevent penetration. It is stackable both empty and full. It is equipped with universal needle disconnectors, universal blade disconnectors, QuickFit alternative, Leur lock and slip disconnectors. It is able to be locked both temporarily and permanently. The latter one is indicated by a flap with a lock showing that it is permanently locked. It has a visible fill line that indicates when the container is full. It is fully autoclavable and equipped with handles in order to help the transportation.

## Key Benefits

- UN and ADR approved
- Stackable
- Marking for maximum filling level
- Autoclavable
- The lid can be sealed either temporarily or permanently
- Manufactured in environmentally friendly PP
- Hypodermic needle remover in the lid
- Designed for wall, table and pipe mounts
- Extra wall thickness to prevent piercing
- Can be extended as long as required

## Main characteristics

Available sizes:	5.5 litre
Standard colouring:	Yellow
Material:	PP Copolymer

## Logistics

	Extension 5.5 litre
Qty / Box	12
Qty / Pallet	144
Box dimension	60x40x70 cm
Pallet dimension	120x80x225 cm
Total pallet weight	86 kg

## Capacities, dimensions and weights

	Extension 5.5 litre
Weight	377 gr
Nominal capacity	5.5 litre
Max. capacity 95% of brimful	5.3 litre
Measurements HxØD	480x142 mm
Min. wall thickness	1.5 mm
Lid weight	50.6 gr
Lid Measurements HxØD	31.7x157 mm
Total Height with Lid	504 mm

## Product certificates

UN/ADR	World wide
ISO 23907	World wide
NFX 30-511	French

## Environmental Compliance

### REACH - Registration, Evaluation, Authorisation and restriction of Chemicals

REACH (EC/1907/2006) is the European Community Regulation on chemicals and their safe use, in force since 2007. REACH is a regulation and therefore directly applicable throughout all EU Member States. It does not require transposition into national laws of Member States.

Safebox comply with the restrictions laid down in REACH.
